Contents copyright © 2011 Sam Turner and Blaine Walsh. All rights reserved. No part of this document or the related files may be reproduced or transmitted in any form, by any means (electronic, photocopying, recording, or otherwise) except under the following conditions.

The included handouts may only be distributed :

- By the licence holder
- For the purpose of driver training
- Printed on paper
- Sized A5 (or 2 per A4 sheet as printed)
- Unmodified

Each handout may only be distributed in it's entirety, with all original logos, website addresses, copyright notices and other information clearly visible. Individual elements (such as graphical elements) may not be distributed separately, or used in any other works, by any means.

Annotations may be made on the printouts, provided they do not obscure the original logos, website addresses, copyright notices or other information. It must be clear that the annotations are not part of the original content. The distribution and use of such work is subject to the same conditions as set out above.

# Cockpit Drill

Ensure you are properly set up before beginning any trip

# Foot Controls

## Accelerator

Use the gas or brake very gently to begin with, adding more as necessary. Ease off the brake a little before reaching your target speed.

## Brake

## Clutch

Bring the clutch pedal up smoothly and slowly. Hold at the biting point for slow speed manoeuvring

# Hand Controls

# Moving Off

# Stopping

# Mirrors

# Signals
